About Our Choir

806 Voices is a community centered choir serving 4th-12th grade vocalists from our area. We exist to give young vocalists the chance to rehearse, perform, and compete in a supportive and enriching musical environment.

At the heart of 806 Voices are our core values: Connection, Education, Experiences, and Friendship.

Our mission is to nurture young vocalists through meaningful musical opportunities that inspire learning, foster friendship, and build confidence. We believe that music is a powerful tool for growth, both on and off the stage.

We began 806 Voices around a dinning room table during a discussion about our children's love of music and performance. From there, we have gathered several interested young vocalists, one enthusiastic choir director, and whole lot of love from our friends and families to create what our choir is today. We expect to see our choir grow and thrive through the support of our community. Ultimately, we hope to be a choir for and by our community.

Whether on stage or in rehearsal, 806 Voices is a place where young people find their voice and use it to make something beautiful together.

Thank You

At 806 Voices, every song begins with a spark, a vocalists discovering the power of their own voice. Your support helps that spark grow into something beautiful. By joining us as a sponsor, you are doing more than funding lessons or events, you are building confidence, friendship, education, and community for young vocalists across our area. You are giving them a place to belong, to express themselves, and to share joy through music.

Together, We Make the Music Possible!

Your Partnership helps us to provide meaningful opportunities for vocalists in grades 4-12, create inclusive spaces where young voices are encouraged and celebrated, and bring performances, mentorship, and connection to our community. We are deeply grateful for your belief in what we do, and in what these young vocalists can become.

Join Us in the Next Verse!

We invite you to be part of this growing community:
